**O R D E R**

In the letter 4th read above, the Engineer-in-Chief (Irrigation), Water Resources Department, has furnished a detailed proposal based on the report of the Chief Engineer, Krishna Delta System, Vijayawada and recommended to the Government for according permission for allocation of 800 KLD (0.32699 Cusecs) or 0.01031188 TMC of water per annum from Muniyeru River to M/s Sentini Bio Spirit Pvt. Ltd., Gandepalli (V), Kanchikacherla (M), NTR District, **for a period of 10 years,** subject to the following terms and conditions :

1) Necessary concurrence from the District Collector concerned and A.P. Pollution Control Board are to be obtained in this regard by the firm before drawl of water from the source.
2) The water can be spared based on availability of water in River Muniyeru.
3) The entire cost of construction of intake well, pump house, pipelines excavation etc. should be borne by the industry only.
4) Water meters or suitable measuring devices should be installed by the industry at their own cost to measure the water consumed and should be made available to the Departmental Authorities and the representatives of the users shall be present at all times of inspection.
5) The industry should pay the water rate at the existing rates as fixed by the Government. The water royalty charges may be revised by the Government from time to time and the industry has to pay the revised rates as fixed by the Government from time to time. In case of failure to pay water rate/ royalty charges, the permissions to draw water shall stands cancelled.
6) No field bodhi or pipeline shall be taken through or along with Government land without approval of the Government and if permission accorded by the Government, the lease amount of Government land should be paid as fixed by the Government only.
7) The industry shall obtain the prior concurrence from concerned Departments for laying pipelines and for crossing etc. wherever necessary.
8) The Industry should make their own arrangements for supplementation of water in their premises only.

(Contd...P. 2)

9) The industry should make their own arrangements to dispose the treated effluents as per norms of A.P. Pollution Control Board in their premises only and should obtain prior permission, if any needed from Government to dispose treated effluents in their natural sources.
10) The Water Resources Department reserves the right for cancellation of the permission without assigning any reasons thereof.
11) The Water Resources Department is no way responsible for non-supply of water due to any reasons.
12) The industry must acquire the private land for installation of pumping arrangements. If the industry proposes to utilize Government land for installation of pump house, necessary permissions is to be obtained from the Government for leasing the land and the lease amount fixed is to be paid by the industry.
13) The industry must strengthen the river margin 100 Meters on either side of the proposed off take point to avoid slips, erosion of banks and to protect existing margins as directed by the Department.
14) The Industry should lay the pipe line, duly leaving not less than 1 Meter from the toe of the flood bank.
15) The Industry has to lay CC(1:4:8) before laying the pipeline and CC(1:2:4) over the pipeline refill the pipeline with proper soils and consolidate the banks as directed by the Department.
16) The Industry has to construct CC walls to avoid leakage at pipeline crossings.
17) The water drawn from the Muniyeru River should be utilized for the purpose for which permission is granted. Any misuse in this regard will entail cancellation for the permission without any notice and liable for imposition of penalty.
18) The Industry should follow the Revenue Board Standing Orders
19) The Industry shall pay security deposit at 5% on 10 years water charges for which permission is granted
20) The permission accorded shall be for a period of 10 years only. The permission shall have to be renewed well in advance before the expiry of permission.
21) The industry shall pay one year water charges as advance and any amounts due to the Department before entering into agreement.
22) The Industry should make its own arrangements for summer storage in their premises only and to conclude an agreement accordingly.
23) The industry shall abide any other condition laid down by the Government/Department from time to time.
24) The Industry has to pay the water charges for the estimated quantity in advance at the start of the financial year i.e., before 10th April every year as per BSO.
25) The consumptive utilization of 800 KL/day or 0.326 Cusecs 0.010312 TMC per annum as required should not exceed under any circumstances.
26) The Department is no way responsible for any damages that may occur to the off-take point.
27) The permission does not confer any riparian right to the Industry.
28) The concerned Executive Engineer will be responsible for enforcing the conditions.
29) The firm has to obtain separate permission duly enclosing the drawings of pipe lines and lease amounts to be paid for the Government Land to be leased as per the prevailing norms.

2. After careful examination of the proposal, Government hereby accord permission to M/s Sentini Bio Spirit Pvt. Ltd., Gandepalli (V), Kanchikacherla (M), NTR District for drawl of 800 KLD (0.32699 Cusecs) or 0.01031188 TMC of

(Contd...P. 3)

water per annum from Muniyeru River **for a period of 10 years,** subject to the terms & conditions as mentioned at above para.
